

Sleaford Medical Group Minor Injury Service

Here at Sleaford Medical Group, we also provide to our patients a Minor Injury Unit. This service is provided by our Practice Nurses who have skills and experience in dealing with minor accidents and emergencies.

We can treat:

- Minor cuts and grazes
- Minor cuts needing stitches
- Acute sprains and strains
- Acute sports injuries
- Acute burns/scalds
- Removal of foreign bodies, e.g. splinters, fish hooks, cotton buds, earring butterflies
- Minor head injury
- Minor limb injury
- Whiplash (neck/headache following low speed car accident)
- Foreign bodies in eyes

If you had a minor injury in the previous 48 hours, please book in at reception.

The length of your wait will depend on the seriousness of your condition, but there may also be a wait depending on the availability of the nurse – the nurses have pre-booked clinics they must also attend to, but can prioritise urgent cases.

The Minor Injury Unit is open from 8:30am until 6:30pm Monday to Friday
